

# Why do we need mobile learning?

By Anna Grabowska, 6.06.2021

# My target group is elderly

Do I really need mobile learning?

# YES, YES, YES

Elderly want to make their memories sharable with others

My idea is to  
teach elderly  
using mobile  
apps for  
storytelling  
preparation

# Will look for solutions

Will share with elderly

Thank you  
for watching
